INTEGRATED SERVICE PLATFORM

Six divisions. One accountable relationship.

Clients may engage one ASQS division for a focused need or combine multiple divisions through one coordinated scope, leadership structure, operating schedule, reporting rhythm, and accountability framework.

01

Staffing & Workforce Services

Temporary, seasonal, temporary-to-hire, direct-hire, project, on-site, remote, recruiting, screening, onboarding, scheduling, and workforce deployment support.

02

Property Management & Real Estate Operations

Property, leasing, tenant, resident, vendor, maintenance, inspection, work-order, turnover, documentation, portfolio, and project coordination.

03

Commercial Services

Commercial cleaning, supplies, moving, hauling, waste-removal coordination, equipment rental, facility support, logistics, and special operations.

04

Healthcare Support Services

Supportive-care workforce, scheduling, health care-related administration, participant and provider communication, documentation, records, onboarding, quality review, compliance-workflow, and program support.

05

Finance, Payroll, Compliance & Administration

Payroll, accounting, bookkeeping, payables, receivables, budgeting, reporting, audit readiness, records, compliance, vendor payments, systems, and multi-location back-office support.

06

PEO & Human Resources Solutions

PEO and co-employment design where applicable, HR administration, recruiting, onboarding, payroll, benefits, employee relations, policy, compliance, training, performance, technology, and growth strategy.

ENTERPRISE OPERATING MODEL

Local coordination. National and global capacity.

ASQS coordinates services through 15 operating locations across Minnesota and Nevada, client sites, remote work environments, and project-directed markets. Shared leadership and administrative systems connect local execution with multi-location delivery.

FLEXIBLE ENGAGEMENT MODELS

- 01

Focused division support

One division for a defined operating need.
- 02

Integrated multi-division programs

Related services coordinated through one scope.
- 03

Ongoing managed support

Recurring staffing, services, administration, and reporting.
- 04

Project, seasonal and surge deployment

Capacity for transitions, peaks, new sites, and urgent needs.

WHY ASQS

Built for coordination, accountability, and growth.

ASQS brings people, services, systems, and administrative support into a structure designed to reduce fragmentation, clarify responsibility, and adapt as operating needs change.

ACCOUNTABLE LEADERSHIP	QUALITY & SAFETY
Board and ownership oversight, executive leadership, divisional direction, market and local management, supervisors, coordinators, specialists, and frontline teams.	Clear expectations, preparation, supervision, documentation, feedback, issue response, corrective action, and continuous improvement appropriate to each engagement.
PROCUREMENT SUPPORT	RESPONSIBLE INFORMATION
Capability information, organizational structure, geographic coverage, scope-specific insurance or bonding details, vendor onboarding, contracting information, and approved references.	Certifications, identifiers, client names, contract vehicles, awards, performance figures, and confidential records are released only after confirmation and authorization.
